## **Avineon Lands Alliant SB Governmentwide Acquisition Contract**

*Company selected to provide global IT solutions to U.S. federal agencies*

**Alexandria, Va.** – January 27, 2009 – Avineon, Inc. ([www.avineon.com](http://www.avineon.com)), a successful provider of IT, geospatial, engineering and program management services, today announced it has been awarded the Alliant Small Business (SB) Government-wide Acquisition Contract (GWAC) by the U.S. General Services Administration (GSA). The indefinite-delivery, indefinite-quantity contract (IDIQ) contract is worth an estimated \$15 billion over a five-year base period and includes an additional five-year option.

Under Alliant SB, Avineon will provide comprehensive IT solutions and services to federal agencies who will obtain best-in-class solutions across a broad range of information technologies and products. Further, by aligning the scope of work with the Federal and Department of Defense Enterprise Architectures, GSA has established a contract framework that is: consistent with the Federal government's approach to define and justify IT investments; eliminates the need to specify every service category in the universe of IT support; encourages re-use of IT components and solutions; and can evolve over time to adjust to advances in technology.

"We are honored to be included in this contract," said Charles Erdrich, Avineon's vice president of business development. "Avineon's unique ability to help both government and commercial customers visualize and accomplish their IT objectives positions us well for this contract and we look forward to continuing our 17-year history of providing high-level IT solutions to the federal market place."

### **About Avineon**

Avineon, a CMMI Maturity Level 3 and ISO 9001:2000 registered company, is a diversified high technology company that provides information technology (IT), geospatial, engineering and program management services. With headquarters in Alexandria, Virginia, and offices in Alabama, Florida, Georgia, Indiana and Virginia, Avineon also maintains subsidiaries in Europe and India.
