Avineon Names Ramkumar Valliyur Director of Engineering Services

Alexandria, Va. – April 16, 2007 – Avineon, Inc., a successful provider of IT, geospatial, engineering and program management services, announced today the appointment of Ramkumar Valliyur as director of engineering services. With more than 30 years experience in engineering operations, project management and strategic planning, Valliyur will lead business development efforts and serve as a liaison between Avineon's North American customers and the company's offshore engineering services facility located in Hyderabad, India.

"Ramkumar's exceptional leadership ability and technical expertise will be a driving force in our continued operational and technological growth," commented Gary Wilkison, vice president of Avineon's Geospatial and Engineering Services division. "His efforts will enable Avineon to further develop its domestic and international presence as a premier provider of quality engineering support services."

Prior to joining Avineon, Valliyur served as vice president of engineering for National Filtration Systems, a division of Clark Reliance. While there, he oversaw all aspects of divisional engineering and product development in industrial filtration and separation systems, gas conditioning systems, gas purification systems and process equipment for the power, oil and gas industries. Additional responsibilities included cost control, managing product design, quality control and assurance, regulatory compliance and process improvements. Valliyur has also held positions with Mascon and Kaveri Engineering Industries Ltd. Throughout his career, he has gained extensive exposure to conducting business in international marketplaces including Europe, the Pacific Rim, Middle East and North America.

"Avineon is a dynamic and diversified company with tremendous growth opportunities for engineering services in the North American market," stated Valliyur. "I look forward to working with the Avineon team to expand the company's presence in North America and continue to deliver quality services. "

Valliyur received a Bachelor of Science in Mechanical Engineering from the University of Madras in Chennai, India. He is a member of the American Society of Mechanical Engineers and a regular conference speaker and published author of articles for the Indian Institute of Welding, the Institution of Engineers, Institute of Metallurgy and other professional groups.

About Avineon

Avineon, a CMMI Maturity Level 3 and ISO 9001:2000 registered company, is a diversified high technology company that provides information technology (IT), geospatial, engineering and program management services.
