**Avineon awarded Software Development contract by GSA's Federal Systems
Integration and Management Center**

Alexandria, VA (May 23, 2005): The U.S. Department of Housing and Urban Development (HUD) and GSA's Federal Systems Integration and Management Center (FEDSIM) have selected Avineon to provide full life cycle software development and maintenance services for HUD's Public and Indian Housing (PIH) Financial Assessment Sub-System-Public Housing (FASS-PH). FASS-PH, a mission critical system within PIH's Real Estate Assessment Center, enables centralized financial analysis that can be used to identify where HUD could focus its resources to improve service delivery and manage its housing programs proactively. The FASS-PH task order, valued at more than \$6M over two-and-one-half years, will be performed under GSA's 8(a) STARS program.

About Avineon:

Avineon, Inc., independently appraised at SW-CMM[®] Level 3 and an ISO 9001:2000 registered company, specializes in Information Technology (IT) services that leverage data visualization to optimize decision making and organizational effectiveness for government and commercial customers. The company's quality processes allow Avineon to confidently offer a one year, 100% performance guarantee on all services. In addition to IT services, Avineon also provides Geospatial and Engineering solutions to clients globally.
